I. Purpose				
<p>The Uniform Relocation Assistance and Real Property Acquisition Policies Act (URA) (mandated in 1971) applies to the IHBG, ICDBG, RHED/RIF, and ROSS programs. It provides displaced persons with fair, equitable treatment and protection from disproportionate injury by projects designed to benefit the public as a whole. The URA also protects the rights of a property owner whose property is acquired for a federally-assisted project. It applies to all federal or federally-assisted activities that result in the acquisition of real property or the displacement of persons or businesses, as a result of acquisition, rehabilitation, or demolition. ONAP suggests that program recipients develop Relocation and Real Property Acquisition Policies if the entity is involved in such activities.</p> <p>Relocation can either be permanent or temporary; this plan covers both. Recipients must be very careful to abide by all notification requirements to avoid complicated, and often costly, corrective actions.</p> <p>The purpose of this plan is to ensure that recipients are following the requirements when temporarily or permanently relocating persons or businesses and/or acquiring real property, including down payment assistance. Reviewers should use this monitoring plan when conducting monitoring reviews where relocation has occurred or is planned in the near future.</p>	<p>URA(42 USC 4601) 49 CFR Part 24, Subparts B and C Section 104(d) of the H & CD Act of 1974 24 CFR § 1000.14 24 CFR § 1003.602 RHED/RIF, Grant Agreement ROSS, Grant Agreement</p>	<p>HUD Handbook 1378</p>
