Indian Housing Plan

for the fiscal year ending

SEPTEMBER 30, 2020

Board and Council Review Draft

INDIAN HOUSING PLAN/ANNUAL PERFORMANCE REPORT (NAHASDA §§ 102(b)(1)(A) and 404(a)(2))

This form meets the requirements for an Indian Housing Plan (IHP) and Annual Performance Report (APR) required by the United States Department of Housing and Urban Development. In addition to these requirements, a tribe or tribally designated housing entity (TDHE) may elect to prepare a more comprehensive IHP. If a tribe or TDHE elects to prepare a more comprehensive IHP, the required elements of this IHP must still be submitted on the prescribed HUD form. The information requested does not lend itself to confidentiality.

Regulatory and statutory citations are provided throughout this form as applicable. Recipients are encouraged to review these citations when completing the IHP and APR sections of the form.

Under the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4101 et seq.), HUD will provide grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low income housing in Indian areas. Grants will be made to eligible recipients under the Indian Housing Block Grant (IHBG) program. To be eligible for the grants, recipients must submit an IHP that meets the requirements of the Act. The recipient is required to submit the IHP to HUD at least 75 days prior to the start of its 12-month program year (NAHASDA § 102(a)(1)). The APR is due no later than 90 days after the end of the recipient's program year (24 CFR § 1000.514).

The IHP and the APR (previously two separate forms) are now combined into one form. The sections pertaining to the IHP are submitted **before** the beginning of the 12-month program year, leaving the APR (shaded) sections blank. If the IHP has been updated or amended, use the most recent version when preparing the APR. After the 12-month program year, enter the results from the 12-month program year in the shaded sections of the form to complete the APR. More details on how to complete the IHP and APR sections of the form can be found in the body of this form. In addition, a separate IHP and APR report form guidance is available.

FORM COMPLETION OPTIONS: The IHP/APR form may be completed either in hard copy or electronically. Hard copy versions may be completed either by hand or typewriter. Alternatively, the form may be completed electronically as it is a Word document. It is recommended that the form be completed electronically because it is more efficient to complete, submit, and review the form. Furthermore, electronic versions of the form may be submitted to HUD as an email attachment. To document official signatures on the electronic version, you should sign a hard copy of the pages and either fax that signed page or email it as an attachment to your Area Office of Native American Programs. The sections of the IHP that require an official signature are Sections 1 and 8, and Sections 15 and 16, if applicable. For the APR, Section 1 requires an official signature.

Public reporting burden for the collection of information is estimated to average 62 hours, 25 hours for the IHP and 37 hours for the APR. This includes the time for collecting, reviewing, and reporting the data. The IHP data is used to verify that planned activities are eligible, expenditures are reasonable, and recipient certifies compliance with related requirements. The APR data is used to audit the program accurately and monitor recipient progress in completing approved activities, including reported expenditures, outputs, and outcomes. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

(3) Planned Program Benefits *(Describe below how your planned programs and activities will address the needs of low income families identified above. Also describe how your planned programs will meet the needs for the various types of housing assistance. NAHASDA § 102(b)(2)(B):*

CIHA owns and operates 64 affordable housing units on Coquille Tribal Lands including 49 rentals, 1 emergency housing unit, and 14 homebuyer units. Low Rent program participants are transitioned to the Home Grant and Occupancy (HomeGO) homebuyer program as they become qualified. In addition, the Monthly Housing Assistance Program (MHAP) offers 60 tenant-based rental assistance slots to low income Native American and Alaska Native households within the Tribe's five-county service area and Coquille households nationwide.

New this year will be construction of an accessible single-family home and duplex, providing 3 new NAHASDA low income rentals, and development of a First-Time Homebuyer Assistance Program designed to help 2 low income Native American and Alaska Native families per year to purchase a home within the Tribe's 5-county service area.

Awareness and utilization of the Section 184 Indian Housing Loan Guarantee Program is promoted regularly at Tribal events. Application to the program is facilitated for qualified low income Coquille and other Native American and Alaska Native families within the Tribe's five-county service area, as well as access to Individual Development Accounts, homebuyer education, credit counseling, and other services.

(4) Geographic Distribution *(Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low income families. NAHASDA § 102(b)(2)(B)(i):*

CIHA provides IHBG-funded services within the Coquille Indian Tribe's five-county service area, which includes Coos, Curry, Douglas, Jackson, and Lane Counties. The distribution of assistance fluctuates but generally mirrors the distribution of the Tribal population within the service area. The majority of CIHA's services are concentrated on Coquille Tribal Lands in Coos County.

A limited number of Tribally-funded tenant-based rental assistance slots are available to low income Tribal families nationwide.

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3, etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2, 2.3, etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS (NAHASDA § 404(b))

Complete the shaded section of text below to describe your completed program tasks and actual results. Only report on activities completed during the 12-month program year. Financial data should be presented using the same basis of accounting as the Schedule of Expenditures of Federal Awards (SEFA) in the annual OMB Circular A-133 audit. For unit accomplishments, only count units when the unit was completed and occupied during the year. For households, only count the household if it received the assistance during the previous 12-month program year.

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3, etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2, 2.3, etc.
