Subject: HAT -- GOOD NEWS!

Hello HAT Members!

We have exciting news to share!

We have been notified that the Coos County Housing Action Plan (czbLLC) and the Housing Action Team (HAT) were granted the Oregon Chapter of American Planning Association's Award - **the Betty Niven Award for Distinguished Leadership in Affordable/Workforce Housing Advocacy.**

This award is given to the project and/or organization that produces the most actionable plan and follow-through efforts for affordable and workforce housing. With

likely competition from Salem, Portland, Eugene and other coastal communities, we are quite honored to have received this award!

Thanks so much to HAT member and former Executive Director of United Way of Southwestern Oregon, Marcia Hart, for spearheading the community effort to pursue a Coos County housing analysis and plan (and leading the fundraising that made it possible in 2018) and to Thomas Eddington and czbLLC for all of their work on the actual Housing Plan document.

These efforts created the foundation to bring all of you together as members of our Housing Action Team. It goes without saying that we could not move forward with our affordable and workforce housing pursuits without all of you and your contributions to the HAT. Thanks so much for making this happen and CONGRATULATIONS! to all of you for this wonderful recognition and award!

I look forward to seeing all of you at our next HAT meeting on October 24th at 2pm at Advanced Health.

Best,

Char Luther
