

Tribal Council Workshop Information

Workshop Title:	Date of Workshop:
KWC Charter	9/23/20
 ☑ Open Workshop ☑ Closed Executive Workshop Presenter's Name, Title and Department: Mark Johnston, Executive Director Guest Presenter(s), Title and Agency (anyone not associated with CIT): KWC Decision Team 	op – Date: 8/27/20
Note Taker for Workshop:	
Anna Chavez	
Brief Description (provide outline of discussion points as well as question this workshop): Continued discussion of KWC Charter with updated charter and roles a draft organizational chart. Workshop Attendees Tribal Council: Staff:	
Others:	
Workshop Summary (provide outline of discussions that occurred):	
Reference Materials (provide for posting):	

Ko-Kwel Wellness Center (KWC) Operational Charter Tribal Council Workshop: 08/27/20 Governance Model Review

Goal

Approval of a governance charter and bylaws that will provide a road map for the Ko-Kwel Wellness Center to
provide excellent patient care while reducing the Tribe's subsidy for that care.

Timeline

- 01/08/20: Tribal Council Workshop—KWC Organizational Charter and Bylaws (Charter) work plan review
- 03/03/20: Charter Team Full Day Retreat—Charter elements development
- 03/15/20-07/20/20: Staff development of draft Charter
- 7/22/20: Tribal Council Workshop—Draft Charter discussion
- 8/4/20: Tribal Council Workshop–Draft Charter discussion
- 8/27/20: Tribal Council Workshop–Draft Charter discussion
- 9/17/20: Tribal Council Retreat Draft Charter discussion
- 9/23/20: Tribal Council Workshop Draft Charter and Org Chart review

Next Steps

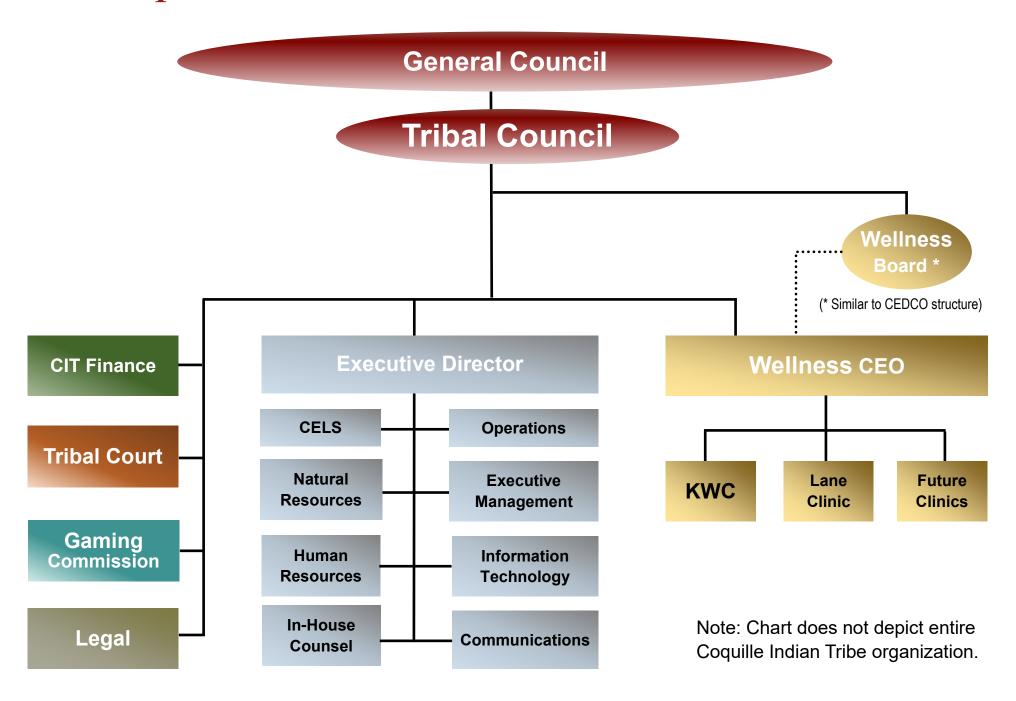

- Tribal Council approval of draft governance model and organizational chart (attached)
- Review and approval of by-laws (October 2020)
- Recruitment, selection and training of Board Members (December 2020 February 2021)

Key Criteria for a Governance Model

- Has a board that that cares deeply about patients and the Tribal member community, but that also pays close attention to ensuring that day-to-day operations are optimized to meet the Tribe's revenue goals.
- Has flexibility and nimbleness to address challenges and changes in the healthcare environment as they arise.
- Elevates Wellness CEO to direct report of Tribal Council with modified authorities for budgeting, contracting and procurement.
- Is still a part of the Coquille Tribal Government utilizes existing Tribal Government staff and infrastructure resources for efficiency

	KWC Governance Model						
Organizational	KWC Board advises Wellness CEO						
Chart	 Wellness CEO is hired by and reports to the Tribal Council (similar to CEDCO model) 						
	Still need to determine if the Wellness CEO is also the Chair of the Board?						
Role of the	Provide expert advice and support to Tribal Council and Wellness CEO with policies/procedures, budgets,						
Board	staffing, operations, accreditation and professional standards (Similar to CEDCO model). Serves as Tribal						
	Council fiduciary.						
	Quarterly reporting to Tribal Council						
	3-5 Members appointed by Tribal Council						
	Expectations set by the Tribal Council						
Board							
Members	Training with the Tribal Council						
	On-going collaboration between the board and Tribal Council						
Role of the	In coordination with Board and Tribal ED and Tribal CFO, prepare budget recommendations to Tribal Council						
Wellness CEO	as part of the annual appropriations process						
	Budget oversight with authority for budget flexibility within the annual appropriation. Ability to sign and obligate Tribe (Need to update Fiscal Ordinance)						
	Policy change approval/authority for all KWC direct healthcare, programs, and services (Medical, Pharmacy,						
	Dental. No policy change approval/authority for Tribal specific programs without Tribal Council						
	concurrence, including PRC, Family Support (Elder's, Indian Child Welfare, etc)						
	Monthly written reporting to TC, including						
	Patient care metrics						
	Revenue generation metrics						
	Staffing metrics						
Centralized Human	Utilizes existing (HR) Division services						
Resources (HR)	Subject to the authorities of the CIT HR employee handbook (including basic benefit package, etc.)						
	Wellness CEO has HR authority of all KWC staff						
	Wellness CEO is ultimately responsible for meeting staffing plan including flexibility with recruitment and						
	retention						
	strategies						
Centralized	Utilize existing Finance Department services						
Accounting & Budgeting	Subject to the authorities of the CIT fiscal ordinance (needs updated to reflect KWC ED authorities)						
Januage times	Subject to the dutionities of the err fiscal ordinance (needs apauted to reflect kive 25 dutionities)						
	Wellness CEO has signatory authority for contracts and budgets (need updated fiscal ordinance)						
	Maintain participation in Tribal Government IHS indirect rate						
Centralized IT	Utilize existing IT Division Services						
Centralized Legal	Utilize existing Legal services						
Centralized	Utilize existing facilities services, including security, maintenance, management, etc.

Coquille Tribal Government Administration

TC Update September 23, 2020

Work in Progress

Busy job site with 9 trades actively working.

<u>Sitework</u> – Most of the initial course base rock is in place in parking areas, poured driveway cut for secondary access, waiting for cure. Placing backfill around building for installation of perimeter foundation drains. Grading for curbs.

Zone 1 - Pharmacy and Medical - roofing, mechanical/ HVAC, rough in electrical, fire sprinkler, plumbing

Zone 2 – Ops and Dental - roof decking, plumbing

<u>Zone 3</u> – Community Health – exterior wall sheathing, densglass siding, roof framing, interior wall framing,

Issues For Discussion

<u>Schedule</u> – Target dates – Dry in Week of October 12. Target slipped about 1 week due to slowdown from fire, COVID and lead time for storefront doors and windows and HVAC Roof Top Units. May use temporary weather proofing to allow for installation of interior insulation, and drywall.

<u>Main Entrance Improvements</u> – Sisul Engineering the Civil Engineer sub-consultant for S+B James is working to incorporate CHC parking expansion and secondary entrance into the site plan for SM+J Change Order. S+B James will be setting up separate contract for work outside of QALICB Boundary.

<u>FF&E</u> – On hold pending EDA Grant Award. Award looks favorable as follow up response was well received. Fauna and Eric plan to revisit the Momentum furnishing plan and make final selection of fabrics, and finishes the last week of October.

<u>Flooring Options</u> – Veronica will present images of two new LVT options with interior design team week of Oct 19 and will present options for Salmon Color replacement.

<u>Low Voltage</u> – Design team is working through low voltage design for intrusion alarms and operable windows including interface with HVAC.

AV for Gathering Room - Pending EDA Grant.

<u>Pharmacy Trailer Relocation</u> – The design is complete and we received approval from CSD for sanitary sewer reroute with a new connection on Mexeye. CSD will not assess new system development charges since we are just changing the point of connection. We received preliminary quote from the sitework contractor Billiter Marine to construct gravel pad, install sanitary sewer tie and collection line, construct temporary gravel road on north side of clinic.

SDC's – Waiting on response from Charleston Sanitary District on our request for reassessment of SDC's.

<u>Bog Stabilization</u> – Received quote from Billiter to level Bogs and haul excess spoils to alternate site on South side of Tarheal Reservoir. Using CARES grant for funding.

<u>SWPPP Amendment</u> - Working on for Pharmacy trailer relocation, bog stabilization.

<u>Landscaping plan</u> – Matt Jensen is finalizing plan.
