INDIAN HOUSING PLAN/ANNUAL PERFORMANCE REPORT

(NAHASDA §§ 102(b)(1)(A) and 404(a)(2))

This form meets the requirements for an Indian Housing Plan (IHP) and Annual Performance Report (APR) required by the United States Department of Housing and Urban Development. In addition to these requirements, a tribe or tribally designated housing entity (TDHE) may elect to prepare a more comprehensive IHP. If a tribe or TDHE elects to prepare a more comprehensive IHP, the required elements of this IHP must still be submitted on the prescribed HUD form. The information requested does not lend itself to confidentiality.

Regulatory and statutory citations are provided throughout this form as applicable. Recipients are encouraged to review these citations when completing the IHP and APR sections of the form.

Under the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4101 et seq.), HUD will provide grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low income housing in Indian areas. Grants will be made to eligible recipients under the Indian Housing Block Grant (IHBG) program. To be eligible for the grants, recipients must submit an IHP that meets the requirements of the Act. The recipient is required to submit the IHP to HUD at least 75 days prior to the start of its 12-month program year (NAHASDA § 102(a)(1)). The APR is due no later than 90 days after the end of the recipient's program year (24 CFR § 1000.514).

The IHP and the APR (previously two separate forms) are now combined into one form. The sections pertaining to the IHP are submitted **before** the beginning of the 12-month program year, leaving the APR (shaded) sections blank. If the IHP has been updated or amended, use the most recent version when preparing the APR. After the 12-month program year, enter the results from the 12-month program year in the shaded sections of the form to complete the APR. More details on how to complete the IHP and APR sections of the form can be found in the body of this form. In addition, a separate IHP and APR report form guidance is available.

Public reporting burden for the collection of information is estimated to average 62 hours, 25 hours for the IHP and 37 hours for the APR. This includes the time for collecting, reviewing, and reporting the data. The IHP data is used to verify that planned activities are eligible, expenditures are reasonable, and recipient certifies compliance with related requirements. The APR data is used to audit the program accurately and monitor recipient progress in completing approved activities, including reported expenditures, outputs, and outcomes. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

(3) Planned Program Benefits *(Describe below how your planned programs and activities will address the needs of low income families identified above. Also describe how your planned programs will meet the needs for the various types of housing assistance. NAHASDA § 102(b)(2)(B):*

CIHA owns and operates 64 affordable housing units on Coquille Tribal Lands including 48 rentals, 1 emergency housing unit, and 15 homebuyer units. Low Rent program participants are transitioned to the Home Grant and Occupancy (HomeGO) homebuyer program as they become qualified. In addition, the Monthly Housing Assistance Program (MHAP) offers 64 tenant-based rental assistance slots to low income Native American and Alaska Native households within the Tribe's five-county service area and Coquille households nationwide.

Work to construct an accessible single-family home and duplex continues and will provide 3 new NAHASDA low income rentals.

Awareness and utilization of the Section 184 Indian Housing Loan Guarantee Program is promoted regularly at Tribal events. Application to the program is facilitated for qualified low income Coquille and other Native American and Alaska Native families within the Tribe's five-county service area, as well as access to Individual Development Accounts, homebuyer education, credit counseling, and other services.

(4) Geographic Distribution *(Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low income families. NAHASDA § 102(b)(2)(B)(i):*

CIHA provides IHBG-funded services within the Coquille Indian Tribe's five-county service area, which includes Coos, Curry, Douglas, Jackson, and Lane Counties. The distribution of assistance fluctuates but generally mirrors the distribution of the Tribal population within the service area. The majority of CIHA's services are concentrated on Coquille Tribal Lands in Coos County.

A limited number of Tribally-funded tenant-based rental assistance slots are available to low income Tribal families nationwide.

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3, etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2, 2.3, etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS (NAHASDA § 404(b))

Complete the shaded section of text below to describe your completed program tasks and actual results. Only report on activities completed during the 12-month program year. Financial data should be presented using the same basis of accounting as the Schedule of Expenditures of Federal Awards (SEFA) in the annual OMB Circular A-133 audit. For unit accomplishments, only count units when the unit was completed and occupied during the year. SELF-MONITORING REPORT

INTRODUCTION

An Annual Compliance Assessment of the Coquille Indian Housing Authority's (CIHA) Indian Housing Block Grant (IHBG) program was completed October 12-21, 2021 covering the program year 2021. The assessment was conducted as required by the Coquille Indian Tribe's Self-Monitoring Policy adopted by Tribal Council Resolution CY0254 and in accordance with the requirements of the implementing regulations of the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) found at 24 Code of Federal Regulations (CFR) Part 1000.502. The CIHA Board of Commissioners, Executive Director, and staff utilized the HUD Office of Native American Programs Monitoring Plan checklists to complete the assessment.

Monitoring Committee:

- Paul Doyle, Chairperson; Robert More, Secretary/Treasurer; Don Garrett, Commissioner; Judy Rocha, Commissioner; Anne Cook, Executive Director; Debbie Dennis, Administrative Services Coordinator; Marcy Chytka, Controller; Scott Felton, Maintenance Coordinator; Tracey Mueller, Housing Programs Coordinator

Areas Reviewed:

- 1. APR and IHP; 2. Organization and Structure; 3. Environmental Review; 4. Financial and Fiscal Management; 5. Procurement and Contract Administration; 6. Labor Standards; 7. Lead-Based Paint; 8. Section 504 Accessibility; 9. Maintenance and Inspection; 10. IHBG Self-Monitoring; 11. Admissions and Occupancy; 12. Tax-Exempt Bond Compliance; 13. U.S. Treasury Emergency Rental Assistance Program

The Monitoring Committee and reviewer chose to classify review results in three ways:

- 1. Recommendations - Suggested improvements to existing procedures which are not deficiencies, but which could assist management and staff in improving the performance of the organization.
2. Concerns - Deficiencies in performance but not violations of statutory or regulatory requirements. Recommendations are provided for correcting any areas of concern.
3. Findings - Clear violations of statutory or regulatory requirements. Findings require corrective action.

ASSESSMENT RESULTS

1. APR and IHP

Chairperson Paul Doyle and Commissioner Judy Rocha interviewed Executive Director Anne Cook to assess the Authority's IHP and APR compliance. Chairperson Doyle and Commissioner Rocha also examined files and documents which addressed this area.

No recommendations, concerns, or findings were noted.

2. Organization and Structure

Chairperson Paul Doyle and Commissioner Judy Rocha interviewed Executive Director Anne Cook to review the organization and administration of the programs. Chairperson Doyle and Commissioner Rocha also reviewed the Authority's files and documents which addressed this area.

No concerns or findings were noted.

Recommendations

Authority's Policies Could Be Improved

The Authority's policies are re-examined each year against any new statutory and procedural requirements to ensure they are compliant with current HUD rules and regulations. In all areas addressed by this self-monitoring assessment it was noted that its policies and procedures address the Authority's obligation to comply with NAHASDA rules and regulations. However, although its existing policies and procedures comply with statutory requirements, the Authority is encouraged to update and clarify some areas of its Admissions and Occupancy policy and to review its Conflict of Interest policies, procedures, and records for consistency.

Reconsider County PILOT LCA

The Authority may wish to transition its current local cooperative agreement arrangements to the County.

3. Environmental Review

Chairperson Paul Doyle and Commissioner Judy Rocha interviewed Executive Director Anne Cook regarding the Authority's environmental review compliance and examined the Authority's environmental review records. All activities were addressed as required and reviews completed prior to the expenditure of funds.

No recommendations, concerns, or findings were noted.

4. Financial and Fiscal Management

Chairperson Paul Doyle and Secretary/Treasurer Robert More interviewed Controller Marcy Chytka to determine present procedures.

Reviewers selected random computer-generated samples, conducted tests, and reviewed documents to determine compliance with applicable standards for financial reporting, maintaining accounting records, cash management, allowable costs, insurance, internal controls, and separation of duties. The Reviewers noted that the most recent annual financial audit reported no findings. No exceptions were found in the Reviewers' tests of the financial management systems.

No concerns or findings were noted.

Recommendations**Self-Monitoring Process Could be More Efficient**

Prior to the next Self-Monitoring Assessment, the Authority is encouraged to obtain audit programs and workpapers to potentially reduce the scope of testing as per the Financial and Fiscal Management Monitoring Plan checklist page 3, item 2 Audit Working Papers.

It was noted that it would save time to differentiate between multiple household members who make payments for the same unit on the same day by adding a first initial in the description of the payment when posting in the accounting software.

The Reviewers also recommend that the Monitoring Plan checklists be converted to fillable forms if possible.

Requirement to Calculate Program Income on the Cash Basis

The FY 2012 Self-Monitoring Report noted that HUD requires the cash basis method be used in calculating program income for 1937 Housing Act rental units. The Authority calculates its program income allocation on the accrual basis rather than the cash basis. Because of the excellent record the Authority has with collection of its tenant rents each month, the difference between these two amounts for purposes of computing program income is not material. The Controller is aware of this requirement and continues to monitor this area for significant changes. Accounting for this area will be converted to the cash basis if tenant receivable balances warrant such a change.

5. Procurement and Contract Administration

Chairperson Paul Doyle and Commissioner Don Garrett interviewed Administrative Services Coordinator Debbie Dennis to determine present procedures. Chairperson Doyle and Commissioner Garrett tested all procurements over \$10,000 to determine if proper procedures were used for expenditures in excess of the Authority's micro-purchase policy.

Tests revealed that all procurements over this threshold were properly documented and followed the solicitation method required by the Authority policy in all instances. In addition, based on the Reviewers' tests of those purchases made within the micro-purchase policy, it was evident that the Authority attempted to purchase from multiple sources to achieve competitive pricing of products. The Authority should be commended on this practice as it reflects the realization that the \$10,000 requirement is mandated, but the conscientious practice of getting the best price for the Authority's funds is the real goal.

No concerns, findings, or recommendations were noted.

6. Labor Standards and Construction Management

Chairperson Paul Doyle and Commissioner Don Garrett interviewed Administrative Services Coordinator Debbie Dennis and reviewed documents to determine the Authority's compliance with Federal Labor Standards. During the period, HUD's Office of Davis-Bacon & Labor Standards performed a remote compliance monitoring. The Authority's overall performance was satisfactory, however one finding required corrective action. Although employee interviews had been conducted and the necessary information gathered and documented, in some instances it had not been recorded on the proper form or in the format required by HUD. The Authority completed corrective action within the time allotted and received a final closeout letter on April 5, 2021.

No recommendations, concerns, or findings were noted.

7. Lead-Based Paint

Chairperson Paul Doyle, Secretary/Treasurer Robert More, and Commissioner Judy Rocha interviewed Housing Programs Coordinator Tracey Mueller to determine and verify present procedures. When a Monthly Housing Assistance Program (MHAP) tenant-based rental assistance applicant has children under the age of six in the household and wishes to reside in a home built before 1978, the home must be tested for lead-based paint issues by a qualified inspector. During the period, two units required testing. One passed inspection the first time. The other failed and the landlord agreed to perform the necessary abatement. However, the family became ineligible (over income) before re-inspection occurred.

No recommendations, concerns, or findings were noted.

8. Section 504 Accessibility

Commissioner Don Garrett interviewed Maintenance Coordinator Scott Felton.

In prior self-monitoring engagements, it was noted that the Authority has had compliance issues with respect to its conformity with Section 504 accessibility rules. A legal review revealed that in the initial construction of the reservation units in the 1990s, the Authority did not build the number of units necessary to meet the requirements of this statute.

At present, the Authority has three fully compliant units (the number required by regulation), two of which are rented and one of which is leased under a lease-purchase contract. Although the Authority meets the minimum compliance threshold, it is the Authority's intent to continue to work toward providing additional 504 compliant units.

In FY 2020, the Authority was awarded an IHBG Competitive Grant for the purpose of rehabilitating three existing rental units to Section 504 standards and constructing three new Section 504 rental units. Plans to begin work in FY 2021 were postponed to FY 2022 due to staffing shortages, contract labor and material shortages and cost increases, and additional workload created by COVID-related programs and funding.

In the interim, in accordance with 24 CFR 8.4 (b) (1), other actions will be taken to ensure residents with needs under the Act receive specific modifications to their units as necessary.

9. Maintenance and Inspection

Commissioner Don Garrett interviewed Maintenance Coordinator Scott Felton.

Commissioner Garrett noted that interior inspections and non-essential work orders had been suspended during the period due to the COVID-19 pandemic and will resume when determined safe. Emergency interior maintenance, repairs, and appliance replacements occurred as needed. Exterior preventive maintenance and preparation for reoccupancy were performed by staff and contractors. The turnaround time for one unit damaged by a kitchen fire was delayed due contractor and material availability.

The computerized tracking of work orders, inspections, and preventive maintenance continues to help ensure that timely maintenance occurs. The system has promoted efficient use of resources, quick responses to requests for service and repairs, and overall improved maintenance of the Authority's properties.

No recommendations, concerns, or findings were noted.

10. IHBG Self-Monitoring

Chairperson Paul Doyle and Commissioner Judy Rocha interviewed Executive Director Anne Cook and reviewed documents related to the Authority’s self-monitoring program. In the last HUD monitoring report, it was noted that the Authority’s self-monitoring program was exemplary. The comprehensive approach taken by the Authority continues to address all areas of compliance mandated by HUD and as necessitated by other program activities.

No recommendations, concerns, or findings were noted.

11. Admissions and Occupancy

Chairperson Paul Doyle, Secretary/Treasurer Robert More, and Commissioner Judy Rocha interviewed Housing Programs Coordinator Tracey Mueller to determine present procedures. Twenty participant files were evaluated from a random computer-generated sample and found in compliance in all areas with no exceptions.

No concerns or findings were noted.

Recommendation

Self-Monitoring Process Could Be More Efficient

Progress has been made in this area during the period. However, the transition to electronic records has made it more time consuming to review the files of long-term tenants. Information gathering for future self-monitoring assessments could be streamlined by restoring original eligibility paperwork for long-term residents to their active files.

12. Tax-Exempt Bond Compliance

Chairperson Paul Doyle and Secretary/Treasurer Robert More interviewed Controller Marcy Chytka and reviewed records to determine compliance with bond documents and IRS requirements.

No recommendations, concerns, or findings were noted.

13. Emergency Rental Assistance Program

Chairperson Paul Doyle, Secretary/Treasurer Robert More, and Commissioner Judy Rocha interviewed Administrative Services Coordinator Debbie Dennis to determine present procedures and compliance with U.S. Treasury Emergency Rental Assistance (ERA) Program guidance, CIHA policy, and other applicable requirements. Checklists were created to monitor eligibility, privacy requirements, use and management of funds, administrative costs, and reporting. No exceptions were found.

No concerns or findings were noted.

Recommendations

ERA Files Could be Reorganized to Facilitate Access

ERA participant files could be reorganized to make Self-Monitoring information gathering more efficient.

Authority's ERA Policy Could Be Revised

The Authority's policy could be revised to provide acceptable alternatives to a formal rental lease as provided in the Frequently Asked Questions published by the Treasury on August 25, 2021.

CONCLUSION

The Monitoring Committee concur that the IHBG program is well managed and substantially in compliance with the requirements of NAHASDA. Of special note is the Authority's success with the U.S. Department of the Treasury Emergency Rental Assistance Program. The Authority assisted 145 renter households and reached an expenditure/obligation rate of 66% during the last six months of FY 2021, both of which are significant accomplishments. Also, the Authority continues to maintain a commendable TARs rate, which was 4.5% for the FY 2021 period.

It is suggested that CIHA consider any recommended improvements provided by the Committee for possible implementation. The Committee thanks all those that participated for their cooperation and assistance in completing the annual compliance assessment.

Respectfully submitted,

Monitoring Committee

FY 2021 IHBG-CARES **Annual Performance Report**

for the fiscal year ended

SEPTEMBER 30, 2021

Public Review Draft

INDIAN HOUSING PLAN/ANNUAL PERFORMANCE REPORT

(NAHASDA §§ 102(b)(1)(A) and 404(a)(2))

This form meets the requirements for an Indian Housing Plan (IHP) and Annual Performance Report (APR) required by the United States Department of Housing and Urban Development. In addition to these requirements, a tribe or tribally designated housing entity (TDHE) may elect to prepare a more comprehensive IHP. If a tribe or TDHE elects to prepare a more comprehensive IHP, the required elements of this IHP must still be submitted on the prescribed HUD form. The information requested does not lend itself to confidentiality.

Regulatory and statutory citations are provided throughout this form as applicable. Recipients are encouraged to review these citations when completing the IHP and APR sections of the form.

Under the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4101 et seq.), HUD will provide grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low income housing in Indian areas. Grants will be made to eligible recipients under the Indian Housing Block Grant (IHBG) program. To be eligible for the grants, recipients must submit an IHP that meets the requirements of the Act. The recipient is required to submit the IHP to HUD at least 75 days prior to the start of its 12-month program year (NAHASDA § 102(a)(1)). The APR is due no later than 90 days after the end of the recipient's program year (24 CFR § 1000.514).

The IHP and the APR (previously two separate forms) are now combined into one form. The sections pertaining to the IHP are submitted **before** the beginning of the 12-month program year, leaving the APR (shaded) sections blank. If the IHP has been updated or amended, use the most recent version when preparing the APR. After the 12-month program year, enter the results from the 12-month program year in the shaded sections of the form to complete the APR. More details on how to complete the IHP and APR sections of the form can be found in the body of this form. In addition, a separate IHP and APR report form guidance is available.

FORM COMPLETION OPTIONS: The IHP/APR form may be completed either in hard copy or electronically. Hard copy versions may be completed either by hand or typewriter. Alternatively, the form may be completed electronically as it is a Word document. It is recommended that the form be completed electronically because it is more efficient to complete, submit, and review the form. Furthermore, electronic versions of the form may be submitted to HUD as an email attachment. To document official signatures on the electronic version, you should sign a hard copy of the pages and either fax that signed page or email it as an attachment to your Area Office of Native American Programs. The sections of the IHP that require an official signature are Sections 1 and 8, and Sections 15 and 16, if applicable. For the APR, Section 1 requires an official signature.

Public reporting burden for the collection of information is estimated to average 62 hours, 25 hours for the IHP and 37 hours for the APR. This includes the time for collecting, reviewing, and reporting the data. The IHP data is used to verify that planned activities are eligible, expenditures are reasonable, and recipient certifies compliance with related requirements. The APR data is used to audit the program accurately and monitor recipient progress in completing approved activities, including reported expenditures, outputs, and outcomes. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3, etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2, 2.3, etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS (NAHASDA § 404(b))

Complete the shaded section of text below to describe your completed program tasks and actual results. Only report on activities completed during the 12-month program year. Financial data should be presented using the same basis of accounting as the Schedule of Expenditures of Federal Awards (SEFA) in the annual OMB Circular A-133 audit. For households, only count the household if it received the assistance during the previous 12-month program year.
