Subject: Important HAF Update: Additional Funds Available Soon

Dear Tribal Leader,

The U.S. Department of the Treasury (Treasury) is planning to disburse additional funding to Tribes participating in the Homeowner Assistance Fund (HAF) Program.

Summary:

Interested in receiving additional funds for the HAF Program?

- Tribes can make requests for additional funding beginning in March through Treasury's portal. Only requests made in Treasury's portal will be considered.
- The additional amount available for your Tribe and instructions will be shared in March via email.
- Additional amounts will be proportional to each participating Tribe's initial share of the total of all participating Tribes' initial allocations.
- Learn more about the allocation adjustment process on Wednesday, February 22 at 3 p.m. EST. Register through this link: <https://ustreasury.zoomgov.com/meeting/register/vJIsceyhqToiEm3KAHMcLIL8LgWvGiTMXwY>

Background:

Treasury published information about the [HAF Allocation Adjustment](#) on February 14, 2023, which provides that after February 28, 2023, HAF funds initially allocated to Tribes not participating in HAF will be reapportioned to participating Tribal entities through pro rata increases in their allocations.

In other words, because some Tribes have decided not to participate in HAF, there are additional funds available to be redistributed to Tribes participating in HAF. Additional allocations from this pool will be proportional to each participating Tribe's initial share of the total of all participating Tribes' initial allocations.

Please note that the terms and conditions under the [Financial Assistance Agreement](#) will apply to any additional allocation your Tribe receives, including reporting requirements.

Next Steps:

In March 2023, each Tribal HAF participant will receive an email stating the additional allocation amount available to it as well as instructions on how to claim those funds through a budget revision proposal request in the portal.

Please reach out to the HAF Tribal Team with any questions you may have at HAF_Tribal@treasury.gov.

Thank you,

Homeowner Assistance Fund Program
