## Introduction and Purpose

Welcome to the U.S. Treasury Department's submission portal for the Homeowner Assistance Fund (HAF) Plan.

In the HAF, an eligible entity (the "Participant") is (1) a state, the District of Columbia, or U.S. territory; (2) the Department of Hawaiian Home Lands; (3) each Indian tribe (or, if applicable, the tribally designated housing entity of an Indian tribe) that was eligible for a grant under Title I of the Native American Housing Assistance and Self Determination Act of 1996 (25 U.S.C. 4111 et seq.) for fiscal year 2020; and (4) any Indian tribe that opted out of receiving a grant allocation under the Native American Housing Block Grants program formula in fiscal year 2020.

A HAF Participant may submit its HAF Plan using this portal only if the Participant's HAF Allocation is less than \$5 million. Tribally Designated Housing Entities may submit a HAF Plan using this portal only if the submission is on behalf of HAF participants that have each been allocated less than \$5 million in the HAF. **If a HAF Participant has been allocated \$5 million or more, a different template has been made available for larger allocations.**

In the fields below, you will submit your HAF Plan, organized around the following plan elements:

- Homeowner Needs and Community Engagement
- Program Design
- Performance Goals
- Readiness
- Budget

After completing the form, please click on the DocuSign button to sign and submit the HAF Plan.

Once the HAF Plan is submitted, Treasury will review the plan. Treasury may approve a HAF Plan in whole or in part. If Treasury identifies weaknesses in any elements of your HAF Plan, the Participant will be provided an opportunity to revise and resubmit those elements. Upon Treasury's approval of the HAF Plan, Treasury will initiate steps to transmit the requested allocation amount. Treasury will evaluate HAF Plans as described in the HAF guidance, available at <https://home.treasury.gov/system/files/136/HAF-Guidance.pdf>. Please refer to the HAF guidance for definitions of terms used in this portal and additional information regarding the HAF.

## Homeowner Needs and Community Engagement

### What Quantitative Data Has Informed the Participant’s Planning?

In its HAF planning process, has the Participant obtained quantitative data from mortgage servicers, private data providers, government entities, community-based organizations, or other sources to inform its planning about how to target and best serve eligible homeowners with mortgage delinquencies, defaults, foreclosures?

Yes       No

If yes, please list and briefly describe each source of quantitative data.

As of September 30, 2022, the Coquille Indian Tribe has 1,177 members living in 658 households nationwide. Of those households, approximately half reside within the Tribe’s federally designated service area of Coos, Curry, Douglas, Jackson, and Lane Counties in southern Oregon. Census Bureau data indicate an AIAN homeownership rate of 54% suggesting that approximately 355 Tribal households are owned.

The records of participants in Tribal low-income rental housing programs serving the five-county area indicate that at least half of Tribal renter households are low-income compared to national median. Although income records for Tribal homeowners are not available through existing programs, data collected during the HAF pilot program phase indicate a similar number of Tribal homeowners will qualify for HAF assistance.

Needs data supplied by the U.S. Department of Housing and Urban Development show the following characteristics for all American Indian/Alaska Native (AIAN) households residing within the Tribe’s service area:

AIAN households with annual income:	
Less than 30% of median income	131
Between 30% and 50% of median income	116
Between 50% and 80% of median income	135
AIAN households which are overcrowded or without kitchen or plumbing	54
AIAN households with housing cost burden greater than 50% of annual income	149

Through the Tribe’s Homeowner Assistance Fund Pilot Program, the Coquille Indian Housing Authority has assisted the membership nationwide with mortgage, utilities, internet service, property taxes, homeowners’ insurance, habitability repairs, and accessibility modifications. Since the pilot program launched in November 2021, approximately 60 applications have been requested by Tribal families and other AIAN or socially disadvantaged families. As of September 30, 2022, 30 applications have been received and 20 families have been served. Assistance has averaged \$10,581 per household and is capped at \$17,500.

Program utilization to date and HUD data indicate the needs of Tribal and other AIAN or socially disadvantaged homeowners eligible for the Tribal HAF Program will exceed funds available.

Has the Participant requested and received input on its HAF planning process from tribal councils, community-based organizations, providers of housing counseling, or providers of legal assistance to homeowners facing foreclosure or displacement?     Yes     No

Following adoption by the Housing Authority’s Board of Commissioners, this HAF Plan will be provided to the Tribal Council and made publicly available on the Tribe’s website. The program has been, and will continue to be, advertised on the Tribe’s public website and through internal Tribal communications channels.

If yes, please list the tribal councils, community-based organizations, or providers, including each organization’s address and a website if available.

### **Programs**

For each program design element that the Participant will offer, the Participant is required to upload a term sheet or other description that, at a minimum, provides the following information regarding that program design element. Term sheets for all of Participant’s HAF programs may be uploaded together as one document.

- **Brief description** – Explain how the funds will be used (e.g., what type of homeowner expense the funds will be used for). If applicable, describe how the funds may be used in combination with other assistance programs (e.g., loan servicer loss-mitigation programs).
- **Maximum amount of assistance per homeowner** – Specify the maximum amount of assistance that each homeowner will be eligible to receive under the program design element.
- **Eligibility criteria and documentation requirements** – Explain all homeowner, mortgage, property, or other eligibility criteria for the program design element (other than the mandatory eligibility requirements set forth in the HAF guidance). In addition, list any documentation that will be required from homeowners to establish such eligibility. Provide a justification for each additional eligibility or documentation requirement beyond those required under the HAF guidance, including an explanation of how the Participant determined that such requirement will not create barriers to participation for eligible households.
- **Form of assistance** – Indicate whether the funds will be provided in the form of grants, forgivable loans, or other assistance. If the funds will be provided through forgivable loans, specify the terms for forgiveness. If the Participant proposes to provide the assistance in a form other than grants or forgivable loans, provide the reasoning for the proposed terms. If the Participant proposes to establish a home repair program, explain all criteria that will be used to determine whether a homeowner is eligible for the program (e.g., contractor licensing, repair contract requirements, zoning).
- **Payment requirements** – Indicate to whom payments will be made (e.g., to homeowners or to a third party) and any additional requirements there may be to complete a payment (e.g., bulk payment requirements for payees, method of determining amount of payment).

A HAF participant may elect to revise its HAF Plan over time to add or subtract program design elements. Does the Participant anticipate adding additional program design elements to this HAF Plan within one year of this submission?     Yes     No

**Documentation of Homeowner Income**

Under the HAF guidance, one permissible approach for determining income is for (1) the household to provide a written attestation as to household income and (2) the HAF participant to use a reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household’s geographic area. Will the Participant allow income to be determined in this way?  Yes  No

If yes, please describe the fact-specific proxy or proxies to be used for the income determination.

The Housing Authority’s permissible approaches for determining income are: (1) the household may provide a written attestation as to household income together with supporting documentation such as paystubs, W-2s or other wage statements, IRS Form 1099s, tax filings, depository institution statements demonstrating regular income, or an attestation from an employer; or (2) the household may provide a written attestation as to household income and the Housing Authority may use a reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household’s geographic area.

Under the HAF guidance, HAF participants may provide waivers or exceptions to this documentation requirement as reasonably necessary to accommodate extenuating circumstances, such as disabilities, practical challenges related to the pandemic, or a lack of technological access by homeowners; in these cases, the HAF participant is still responsible for making the required determination regarding household income and documenting that determination. If the Participant excludes any of the forgoing mortgage types from one or more program design elements, explain the exclusion.

### ASSURANCES OF COMPLIANCE WITH CIVIL RIGHTS REQUIREMENTS

#### ASSURANCES OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

As a condition of receipt of federal financial assistance from the Department of the Treasury, the recipient named below (hereinafter referred to as the "Recipient") provides the assurances stated herein. The federal financial assistance may include federal grants, loans and contracts to provide assistance to the Recipient's beneficiaries, the use or rent of Federal land or property at below market value, Federal training, a loan of Federal personnel, subsidies, and other arrangements with the intention of providing assistance. Federal financial assistance does not encompass contracts of guarantee or insurance, regulated programs, licenses, procurement contracts by the Federal government at market value, or programs that provide direct benefits.

The assurances apply to all federal financial assistance from or funds made available through the Department of the Treasury, including any assistance that the Recipient may request in the future.

The Civil Rights Restoration Act of 1987 provides that the provisions of the assurances apply to all of the operations of the Recipient's program(s) and activity(ies), so long as any portion of the Recipient's program(s) or activity(ies) is federally assisted in the manner prescribed above.

1. Recipient ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d *et seq.*), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.
2. Recipient acknowledges that Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency," seeks to improve access to federally assisted programs and activities for individuals who, because of national origin, have Limited English proficiency (LEP). Recipient understands that denying a person access to its programs, services, and activities because of LEP is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964 and the Department of the Treasury's implementing regulations. Accordingly, Recipient shall initiate reasonable steps, or comply with the Department of the Treasury's directives, to ensure that LEP persons have meaningful access to its programs, services, and activities. Recipient understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary, to ensure effective communication in the Recipient's programs, services, and activities.
3. Recipient agrees to consider the need for language services for LEP persons when Recipient develops applicable budgets and conducts programs, services, and activities. As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit <http://www.lep.gov>.

4. Recipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon Recipient and Recipient's successors, transferees, and assignees for the period in which such assistance is provided.
5. Recipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances 1-4 above, and agrees to incorporate the following language in every contract or agreement subject to Title VI and its regulations between the Recipient and the Recipient's sub-grantees, contractors, subcontractors, successors, transferees, and assignees:

*The sub-grantee, contractor, subcontractor, successor, transferee, and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits recipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this contract (or agreement). Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this contract or agreement.*

6. Recipient understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Recipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Recipient for the period during which it retains ownership or possession of the property.
7. Recipient shall cooperate in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. The Recipient shall comply with information requests, on-site compliance reviews and reporting requirements.
8. Recipient shall maintain a complaint log and inform the Department of the Treasury of any complaints of discrimination on the grounds of race, color, or national origin, and limited English proficiency covered by Title VI of the Civil Rights Act of 1964 and implementing regulations and provide, upon request, a list of all such reviews or proceedings based on the complaint, pending or completed, including outcome. Recipient also must inform the Department of the Treasury if Recipient has received no complaints under Title VI.
9. Recipient must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other

agreements between the Recipient and the administrative agency that made the finding. If the Recipient settles a case or matter alleging such discrimination, the Recipient must provide documentation of the settlement. If Recipient has not been the subject of any court or administrative agency finding of discrimination, please so state.

10. If the Recipient makes sub-awards to other agencies or other entities, the Recipient is responsible for ensuring that sub-recipients also comply with Title VI and other applicable authorities covered in this document. State agencies that make sub-awards must have in place standard grant assurances and review procedures to demonstrate that they are effectively monitoring the civil rights compliance of sub-recipients.

The United States of America has the right to seek judicial enforcement of the terms of this assurances document and nothing in this document alters or limits the federal enforcement measures that the United States may take in order to address violations of this document or applicable federal law.

Under penalty of perjury, the undersigned official(s) certifies that official(s) has read and understood the Recipient's obligations as herein described, that any information submitted in conjunction with this assurances document is accurate and complete, and that the Recipient is in compliance with the aforementioned nondiscrimination requirements.
