

Coos Bay Estuary and People: Past, Present and Future

Why it matters: Proposed developments like the container port will change our estuary forever. Choices made today must be based on understanding the estuary and how it works

Come and learn more about this essential part of our environment and culture.

A Panel of Professionals and Public Officials will discuss:

- Tribal uses, past and present
- Industrial development
- More than Water: What is in it and how it “works”
- Jobs, current and future
- Food, recreation, and enjoyment
