Our Mission

“The Coquille Tribal Community Fund is dedicated to providing assistance to organizations that make lasting contributions to the communities we serve. We believe through this spirit of giving we allow our communities to grow and prosper.”

Since 2001, the fund has distributed just under \$9 million to over 1,000 grant projects.

The Community Fund targets projects that will make a clear difference for daily life throughout southwestern Oregon. It's one of several ways the Coquille Tribe contributes to the community.
